Council is excited to announce that work for the extension of the Greenvale Recreation Centre will commence shortly.

Works to be completed include;

- The addition of another sports court, which will include markings for sports such as netball, basketball and badminton
- The addition of an extra 40 car spaces to the main car park on Barrymore Road
- Upgrades to existing meeting rooms including new tea stations, painting work and re-surfacing of floors
- Painting of certain areas of the existing building

Current timelines indicate that re-figuration of the carpark is expected to commence late September 2015, to be completed mid December 2015.

Building works are scheduled to commence January 2016 with a construction time of approximately 10 months. However, as with any building and construction work, unforeseen delays are always a possibility.

Staff will endeavour to ensure that patrons are continually updated and kept informed of any changes to schedules, and possible interruptions to room availability. However, please be aware that schedule changes may be required at short notice, so we ask that patrons be patient with any disruptions that may occur.

A display is available for viewing in the foyer at the Greenvale Recreation Centre, and we encourage patrons to visit the display and to approach staff with any questions you may have. If you are at all concerned with how this may impact upon your booking, please contact staff at your earliest convenience.
